THE OFFICIAL PUBLICATION OF THE VIRGINIA BOWHUNTERS ASSOCIATION

FLIGHT NO. 3

MAY/JUNE 1992

VOLUME 34

## *Proud Champions—Virginia State Open*

## From the Office of VBA Corresponding Secretary

Effective April 15, 1992, the NFAA handicap cards will be mailed directly to members from the NFAA headquarters in California. I will no longer be able to issue your NFAA handicap card when your club secretary sends your dues into the VBA office or issue duplicate cards if you lose or misplace your original. You must contact NFAA direct for replacement cards. Their address and phone number is:

National Field Archery Association  
31407 Outer I-10  
Redlands, CA 92373  
1-714-794-2133

There seems to be an awful lot of confusion regarding the **VBA ONLY MEMBERS**. Club secretaries have been misinforming members who are **VBA ONLY** that they can shoot in sanctioned official round tournaments. Yes, clubs can allow a **VBA ONLY** member to shoot, but their scores are not put on their cards and **THEY ARE NOT ELIGIBLE FOR AWARDS**. You **MUST** have a NFAA handicap card and a VBA card to compete for awards. Let's get this situation straightened out. If **VBA ONLY MEMBERS** show an interest in competing, then let's also get them to

pay their NFAA dues. I have been having all kinds of problems explaining to these people the opposite of what club officers are telling them. This is not only a VBA rule but is also a NFAA rule.

Also, club secretaries or tournament chairmen, please make a note that tournament reports for official rounds are to be mailed to the Corresponding Secretary the **WEEK FOLLOWING YOUR SHOOT**. I would also appreciate the Social Security number for all members, regardless of who they are, and remember to include the birthdate of all members under the age of 18.

Clubs and individuals having credits with VBA for overpayment of dues, 20-pins or for whatever reason, be advised that these credits must be used up by the end of each calendar year or the money will go into the VBA treasury. When I took over this office, there were a few people who have credits that go back a couple of years; so if you do (and you have been notified), please remember to use them or lose them!

-Ann Boyd

*VBA Corresponding Secretary*

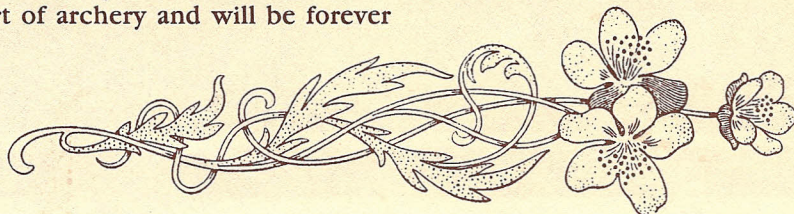

## In Memoriam—Nina Enders

On April 1, 1992, the Virginia Bowhunters Association lost a valued and long-time member. Nina Enders died at her home in Selingsgrove, Pennsylvania.

Nina was a former member of Princess Anne Bowmen and a member of the Order of the Golden Feather. She served as VBA Recording Secretary from 1975 until 1983, when she and her husband, Bill, who is our past VBA President, moved to Pennsylvania. Nina was very much dedicated to the sport of archery and will be forever

remembered for trying her level best to keep Bill straight. After moving to Pennsylvania, she was active in her church and the Eastern Star Chapter. She is also survived by a daughter, two grandsons, two stepbrothers and three stepsisters.

Nina will be greatly missed by our circle of friends in VBA. She was a fun-loving, pleasant person who you always enjoyed being around. She may be gone from her place here on earth, but she will remain in our memories.

## V.B.A. OFFICERS

**Kenneth E. Sorrels, President**  
P.O. Box 2002  
Wise, Va. 24293  
703-328-8485 (home)

**Busch Gardens-The Old Country**

**Yorktown Battlefield**

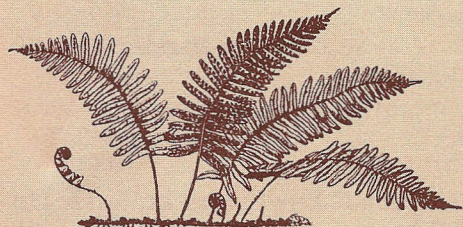

**Colonial Williamsburg/  
Jamestown**

**Air Space Museum**

**Patrick Henry Mall**

**(Includes 7 theaters)**

**The Pottery Shopping Mall**

### Mark Lawrence Remembered

by Jerry Boyd

On May 12, 1992, VBA members lost one of the most liked and well-known archers in Northern Virginia. Mark E. Lawrence or "Mel" died at the age of 48.

When I started shooting in 1966, Mark's name came up a lot as one of the best shots in our area and I soon learned that as I had the privilege of shooting with him so many times. As an archery shop owner, Mark always

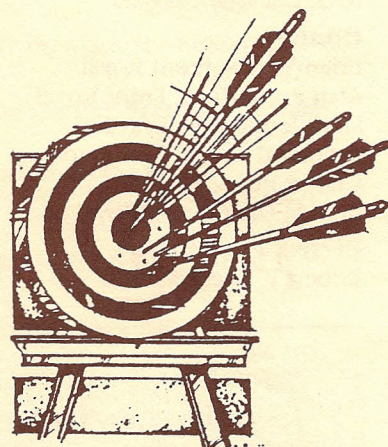

had time to help anyone who developed a problem, whether they were customers of his or not.

Mark is survived by his beloved and devoted wife, June and two children, Tony and Sherry and a grandchild.

Mark's death was indeed untimely and his life was way too short. He will be sadly missed by us who knew him well. May he rest in peace.

### Northern Virginia Championship July 19

Norva will host the Northern Virginia Championship on Sunday, July 19. Starting time 10 a.m. for the Field and Hunter range. The 3D range will be open all day at a casual registration. Awards will be given on both ranges and in all classes. Food and beverages will be available at the club house. For information or directions call Jim at 703/590-6838 or Chuck at 257-0733.

### From Chesterfield Archers

To All VBA Clubs  
Re: Shoot Schedule

Club Members,

Please be advised that Chesterfield Archers will have to cancel all scheduled shoots this year. We all know the wheels of government turn slowly, but in the case of Chesterfield County they barely seem to move at all. We are still working along and hope to have our range ready for next year.

We hope this has caused no inconvenience to any of you.

Thank you,  
Bill Sanger

## 20-Pin Winners

September 1991-May 26, 1992

### Field:

Tom L. James, Virginia Beach  
Sue Felts, Virginia Beach  
Randall Schultz, Virginia Beach

## Important Date Changes

The dates for the 1992 Mid-Atlantic Outdoor Tournament have been changed due to a conflict at Watkins Glen.

The new date for the Mids will be June 20, 21.

The reason for this change is due to running of a Camel Grand Prix race on the same weekend as the regularly scheduled Mids.

For those people who want to camp at the 1992 NFAA National Outdoor Tournament, please call 1-800-236-9728 for a packet about camping there. (There is only 1 (one) private campsite. The state campsites do not take reservations.

Another date change! The date for the 1992 3-D National Championship will be August 22, 23, 1992.

### Other Dates of Interest:

1993 National Indoor  
Louisville, Kentucky  
March 27, 28, 1993

1993 National Outdoor  
Blue Springs, Missouri  
July 26-30, 1993

1993 NFAC  
Eugene, Oregon  
August 13-15, 1993

# ***PARADE A VBA S'***

# OF CHAMPS THE ATE OPEN

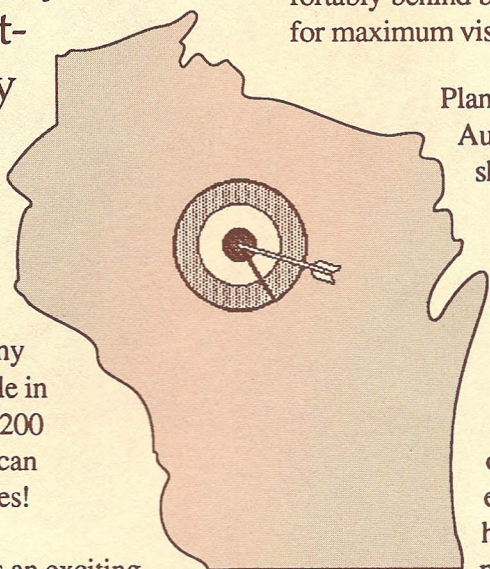

# Come visit us for the 47th NFAA OUTDOOR NATIONALS right here in Wisconsin! July 26-31, 1992—Wausau, WI

This is your opportunity to attend a National Outdoor Shoot practically in your own "back yard"

We're planning a "host" of exciting events to make your week-long stay an enjoyable one. Bring the whole family and take advantage of the many attractions and fun activities available in the Wausau Area. With more than 1200 motel rooms and 375 campsites, we can accommodate almost everyone's tastes!

In addition to the shoot itself, there is an exciting Pro-Am event scheduled to begin at 3:15, Sunday, July 26. You can register for the Nationals either Saturday or at the Pro-Am site (providing your NFAA membership is current). We will have a live local radio broadcast from Thom Field, the event site.

Plenty of stadium seating with the sun comfortably behind both shooters and spectators for maximum visibility.

Plan to visit the Wausau Antique Auto Club's 25th Anniversary show, also scheduled for Sunday, July 26—all day.

While you are here stop to view the exhibits at the Leigh Yawkey Woodson Art Museum. Located in a converted mansion, it houses one of the premier wildlife art exhibits in the world. We have 5 municipal swimming pools, more than 50 City and County Parks, 23 outdoor tennis courts and 10 movie screens to provide entertainment for the entire family all week long! Come, relax and enjoy the experience of a National Tournament right in the "heart" of Wisconsin!

## Thanks to Our Sponsors:

For lowest airfares into Central WI, call Marathon Travel at (800) 456-5871, official travel agent to the NFAA '92 Outdoor Nationals.

For a complete listing of motels and camping sites write or phone for your copy of our FREE 1992 Spring/Summer Visitors Guide.

## BOW

**BOW.** The chief weapon of the early American Indian. Bows were made from many types of springy woods, as well as from bone and horn, and were of different lengths and shapes. The Indian prized his bow and took good care of it, keeping it unstrung and in a bow case when not in use. Even after he had acquired firearms, he usually carried his bow whether in war or on the hunt.

There were four general types of bows in use by the Indians. One was the self-bow, made of one long length of wood, popular with the eastern Indians. Then there was the compound bow, made of several layers of wood, bone, or horn, glued and lashed together, used by some Plains tribes. The third was the sinew-wrapped bow, made of a brittle wood which was wrapped from wing to wing with sinew. This bow was used among the Alaskan tribes. The last type was the sinew-backed self-bow strengthened by a strip of sinew or rawhide, glued and lashed to the back of the bow, much used by the California tribes.

The Eskimo made a bow out of whales' ribs, set on a wooden grip. The North Pacific tribes used a short bow with flat wide wings and a round grip. The Florida Indians' bow was as long as the height of the man who used it. Bows of the Plains Indians were shorter than most, as they usually were shot from horseback. Some Plains tribes, as well as the Apache, bent back the tips of the wings in the shape of a cupid's bow. Pueblo Indians made small painted bows to be used in religious ceremonies and to be buried with the dead. Bows were made of the wood of the Osage orange (*bois d'arc*), found west of the Mississippi, ironwood, second growth hickory, cedar, dogwood, white ash, and mulberry.

Indians learned the use of the bow from childhood. Many stories have been told of how Indians could shoot four or five arrows, one after the other, before a man could reload his gun. When the Spanish *conquistadores* found that an arrow would go through a coat of mail they adopted as armor the quilted cloth of the Mexican Indians.

The University of California tested the distances arrows could be shot. These tests showed: Osage bow, 92 yards; Apache bow, 120 yards; Blackfoot bow, 145 yards; Cheyenne bow, 165 yards; Yaqui Indian bow (from Mexico), 210 yards; English long bow, 250 yards.
